HOW ARE YOUR TAX DOLLARS DISTRIBUTED?

SALES TAX

Vineyard's sales tax is 1%. For every dollar spent in Vineyard, one penny is collected as sales tax. One half of the penny goes to Vineyard, and the other half is put into a state-wide pool which is distributed to all the cities in Utah based on their population.

50% Point-of-Sale goes directly to the city

50% Distributed to each city based on population

PROPERTY TAX

Your property taxes help fund services provided by Utah County, Vineyard City, Alpine School District and the Central Utah Water Conservancy District (CUWCD).

The Utah County Assesor sets the value of your home, 55% of that value is taxable. For example, according to the US Census, the median home value in Vineyard is $431,000. 55% of that value-- $237,050 is taxable.

For a home of that value, a total of $2,261.69 is paid in property taxes; $1,308.04 to the school district, $185.14 to Utah County, $94.82 to CUWCD, and $673.70 to Vineyard City.

LOOKING FORWARD

Rail Spur Removal:

Removal of old rail spurs in order to provide new transportation and development access.

Shade Sails:

Shade sails will be added to Vineyard Grove Park to provide shade to the playground area.

Grocery Store:

Construction on the city's first grocery store will begin in 2025

Firehouse:

Construction of the firehouse will finish summer of 2025

Downtown:

The city is working with developers to develop approximately 400 acres of land that make up the planned Downtown.

CITY COUNCIL GOALS

Enhanced amenities:

Provide enhanced amenities by investing in a connected system of parks and trails that will highlight the uniqueness of our community and set us apart

Multi-modal transport

Provide the most diverse and interconnected transit system in the state

Long Range Planning:

Promote sustainable growth in the City by enhancing our long-range plan

Economic Development:

Continued focus on economic development to provide a diverse and sustainable tax base for the City and amenities for the residents.
