WHAT WE'VE BEEN WORKING ON...

- The Vineyard City Council voted to participate in the Municipal Alternate Voting Methods Pilot Project, also known as ranked choice voting for the 2019 election. Voters re-elected Tyce Flake and elected Cristy Welsh as city councilmembers for a 4-year term. Also on the ballot was the Recreation, Arts, and Parks (RAP)Tax, which passed with almost 79% of the vote.
- We are also continuing our work in digitizing all city records and categorizing them in our data management system.
- We are currently working on an online forms portal to make it easier to submit a records request and business license applications. People should be able to access the new business licensing portal soon.

HERITAGE COMMISSION CORNER

GAINING PERSPECTIVE OF OUR FUTURE AS WE LOOK INTO OUR PAST

As we look to the new year, with hope, anticipation, excitement, and in some ways, with a little trepidation, it might be good for us to also look to our past to gain perspective, understanding, and appreciation for that which lies behind and use it as a foundation for our futures. Giving honor to our forebears is necessary, if we are to build our lives with lasting strength. Cut loose from our past, and our ship goes adrift, without chart or compass on an ocean of happenstance. Our American Dream believes that our children should have opportunities better than we knew, in a sense, standing on our shoulders in the struggle to get ahead...therefore it is a good thing we remember our ancestors, and keep faith with their dreams and carry forward the heritage they established for us, as we in effect, stand on their shoulders. We honor our fore-bearers by remembering who they were and what they did, and by recognizing the hard work, sacrifice, faith, hope and love by which they lived. One further obligation is upon us, that we should value and treasure with respect the heritage which they have conveyed to us. These families, down over the years, built the foundations upon which the city we now have for our generation and for the ones to come. This is no insignificant gift. We must hold it in trust, to be passed on, improved and enriched where possible, for those who will come after us. It is part of our respect for heroic forebears that we should do all we can to keep and pass on the rich achievements placed in our charge. We should know and understand the treasure we have and convey it to others after us to enjoy and value, never diminished, only improved upon. Our duty and our joy is to remember, and keep alive their faith, and to pass on to our descendants the treasure so nobly won for us.

-Tim Blackburn
