Construction Notice:

07/30/2026 through 07/30/2026

400 North – North Vineyard Rd - Vineyard, Utah

WHAT TYPE OF WORK IS BEING DONE ON MY ROAD?

We are performing chip sealing, a routine road maintenance process designed to protect and extend the life of the pavement. The benefits of properly maintained streets include higher property values, a smoother/safer ride, and reduced costs to the community by prolonging the need for replacement.

During this work:

- An asphalt emulsion is applied to the road surface
- Aggregate (chips) are placed on top and rolled in
- Loose chips are later swept, and a seal coat is applied

Your road will remain open, but:

- Traffic may be reduced to one lane at times
- Short delays (up to 10 minutes) may occur as work moves down the street
- On-street parking is temporarily restricted so the work can be completed safely and correctly

These temporary restrictions are necessary too:

- Allow materials to properly bond to the road surface
- Protect vehicles from loose chips AND freshly laid seal coat
- Ensure the safety of residents, drivers, and our crews

IMPORTANT DRIVING INFORMATION

- **Please drive slowly at all times.**
- Speeds in excess of **20 MPH** may cause **loose chips to be thrown from tires, resulting in vehicle damage**.
- **We are not responsible for any damage to vehicles**, including but not limited to **rock chips, caused by driving through active or recently completed chip seal or seal coat areas**.

NO PARKING – TOWING ENFORCED

- On-street parking is **STRICTLY PROHIBITED** during chip sealing and seal coat operations.
- **Vehicles left on the street will be towed at the owner's expense.**
- Parking restrictions are in effect **from 7:00 AM to 7:00 PM** on scheduled workdays, unless your street has already been chipped and sealed.

PLEASE DO NOT TURN ON SPRINKLERS DURING THIS PROCESS

Water on the roadway can interfere with chip sealing and seal coat application and may delay completion.

WEATHER PERMITTING

In the event of unfavorable weather, work will be postponed and rescheduled. Notices will be distributed again prior to the new work date.

SEE THE MAP ON THE BACK FOR REFERENCE.

Thank you for your cooperation as we work to improve your streets.
Please call us if you have any questions.
