Submitting a Building Permit Online

Thank you for your interest in submitting a building application online to the Vineyard Building Department. Provided below is a reference guide to help you submit but don't hesitate to contact us at 801-226-1929 or building@vineyardutah.gov if you have additional concerns or questions.

1) Sign into your Builder Account
    a. Go to vineyard.cityinspect.com/login
    b. Enter your username and password

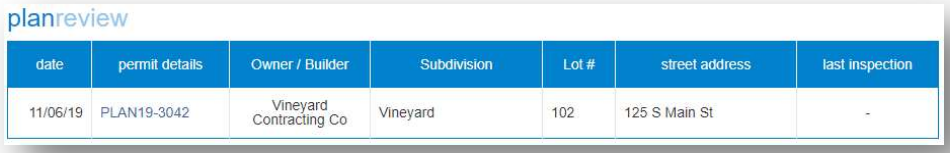

2) From Building Inspections screen select 'Apply for a new permit'.

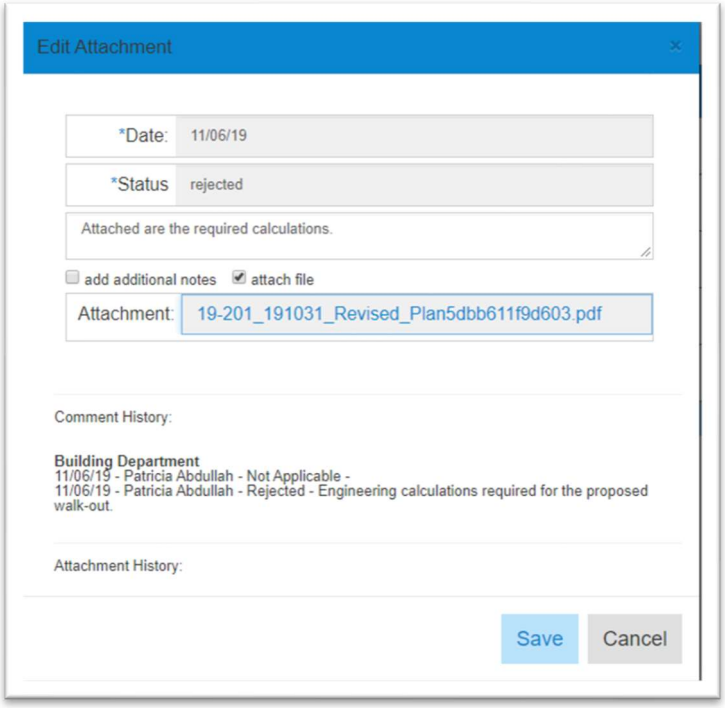

3) You can choose to either copy permit information from an existing permit or select New Application.
4) Fill out the application information.
    a. Fill out the permit information and click continue.
    b. Fill out the Builder information page and click continue.
    c. Fill out the Building information and click continue.
    d. Upload all of the required documentation.
    e. Click submit permit.
5) The application will now be reviewed for completeness by the Permit Desk.

6) Once submitted you'll be able to check on the status of your permit throughout the plan review stages;
    a. Plan reviews submitted and where they are in process;
    b. White means that it has not been reviewed.

    c. Yellow means that it has been reviewed by staff and has correction items to be addressed.

7) Update plan review items directly from your web portal.
    a. Click into permit details under plan review.
    b. Click Plan Review.
    c. Select the area that Needs Corrections.
    d. Add notes and attach updated files.

    e. Plan review gets a notification that updated plans have been submitted for review. *NOTE* Plan are reviewed in the order they are submitted and corrections may take up to 3 business days to review.

8) Once permit is finalized by the Vineyard Building Department and your permit is approved for issuance; the application will move to pending payment and you will receive an email letting you know your review is completed.
