GOV101

Vineyard City has elected officials and staff who work hard each day to assure that the City is running and developing smoothly and that your needs as a resident are being met. However, local government can sometimes be a bit of a mystery to those who aren't involved in it daily. So we've created GOV101 to demystify it a bit. Every month, you can come here to find out more about what your local government does everyday to make Vineyard great!

COMMUNITY & ECONOMIC DEVELOPMENT

The Vineyard Planning and Zoning Department has been busy working on several developments that will provide continued sustainable growth and ensure a bright future for Vineyard. We wanted to highlight the progress of three significant projects we have been working on.

VINEYARD TOWN CENTER

The Vineyard Town Center will become a true downtown for Vineyard; a destination with many exciting places to visit, live, recreate, and shop. The Downtown project will offer direct access to Utah Lake's northeast shoreline, connecting FrontRunner with Utah Lake. If you would like to know more about the Town Center, We will hold two public hearings, planning commission on the 4th and city council on the 11th of March to discuss proposed amendments to the current town center zoning code.

The Vineyard Town Center provides a new direction for development in the Wasatch Front: compact, mixed-use, walkable, and live-able and the most diverse and intricate activity and event center in Utah County. The Lake Promenade is heart of the development--each block will include different design features and activities.

LAKESIDE IMPROVEMENTS

Vineyard City is in the process of applying for grants through Utah County and the State of Utah to fund several lakeside improvements including improved trails and beach areas, as well as a natural playground and beach access parking. Utah Lake is an amazing recreational resource and Vineyard City is working hard towards making environmental and sustainable improvements.

WALKARA WAY

In addition to the above improvements, on the South Side of Utah Lake, stakeholders are securing funding for the Walkara Way project. This project includes a 1,000 acre park for hunting, fishing and other recreational activities and will link Vineyard, Orem and Provo trails with a 2.8 mile bike path.

If you have any questions about these projects or Community and Economic Development in Vineyard, please call our office at 801-226-1929.

VINEYARD STATION: DOWNTOWN AND LAKEFRONT

ANNUAL SEWER RATE ADJUSTMENT

You may see a sewer rate adjustment on your utility bill. Sewer charges are based on the amount of water you use in your house, during the summer not all the water you use goes into the sewer system because most of it is going to watering your lawn. In the spring of each year we calculate an average of your winter water usage from November to February. We use that average as your new sewer usage for the next year. You can expect to see this change on April's bill.

VINEYARD FRONTRUNNER STATION

We continue to meet with UDOT and UTA. They are preparing bid documents and plan for the station to open by the end of this year. We are also working with the landowner to build the roads and provide the utilities for the train station by that time. We will have final plans for both the train station and the Town Center Phase 1 roads and utilities within the next few months. Construction on the Town Center is scheduled to start this spring.

CENTER STREET OVERPASS

Last month we received a signed Right of Entry agreement from Union Pacific (UPRR) for the Center Street Overpass. We were able to begin work on both sides ahead of this agreement, but this agreement gives us the access we need to build the overpass across the railroad. The contractor will finish the MSE walls and start erecting the structure over the tracks in June. The plan is to have the overpass open Fall of this year.

OUR HERITAGE

WHAT'S IN A NAME?

Vineyard was once a much bigger area than it is now, extending as far as 800 West in Orem. The community lay about a hundred feet below the brow of the west Orem hill. These sandy hills, which were ideal for cultivating grapes, as well as other fruits and berries, gave Vineyard its name.

JOB FAIR

The Utah Valley Job Fair is FREE for Job Seekers and will be held on Wednesday March 4, 2020, from 2:00 pm – 5:00 pm at the Utah Valley Convention Center, 220 W Center Street, Provo. Job Seekers will be able to create invaluable relationships with HR personnel and explore career opportunities with some of the biggest and best paying companies along with many others. Please save this date and schedule March 4, 2020, as a must-attend event! You will be able to meet over 100 employers looking to hire hard working people like yourself. For more information, check us out at www.utahvalleyjobfair.com or on Facebook.

SPONSORS

Vineyard is on the look out for new sponsors for our ever growing list of events and recreation programs! Vineyard City is rapidly growing and our events and programs are the perfect opportunity to reach our residents and the surrounding communities! If you are interested in supporting our programs for the year 2020, please contact Brian or Anna at info@vineyardutah.org or 801-226-1929

HERITAGE DAYS

Mark your calendars and join us for our annual Vineyard Heritage Celebration June 4-6.

This year there will be a carnival, pioneer-era activities, pony rides, a petting zoo, vendor booths, food trucks, a huge fireworks display, a movie in the park, and many more exciting activities!

If you would like to sponsor this event or participate as a vendor, please contact Anna at annan@vineyardutah.org.

Event information will be posted here as it becomes available.

BUNNY HOP EGG DROP

Join us for our annual egg hunt at Vineyard Grove Park on April 11th! This popular event will start at 10:00 AM sharp! Remember to bring your own basket! Follow our Facebook event page for additional details and reminders!
Event Page

EARTH DAY

This years Earth Day project will be focused on multiple areas throughout the city. Volunteers will be tasked with cleaning up designated areas around trails, parks, and the lakeshore. All clean up supplies will be provided. Sign ups and waivers should be ready for volunteers within the next couple of weeks. In the meantime, we have created a notification system for all future volunteer opportunities. Follow the link below to sign up to be notified when our Earth Day project information is available!

Volunteer Opportunity

CENSUS 2020

Census Day (April 1) is rapidly approaching! Sometime between March 12 and 20, you will receive your invitation to participate via official Census Bureau mail. You can respond online, by phone or by mail. Vineyard City will be sharing more Census 2020 information leading up to Census Day. Please call our office at 801-226-1929 or stop by if you have questions about Census 2020. You can also check out the FAQ section of the Census Website: 2020census.gov. Also please watch our social media (Facebook: Vineyard City Government, Instagram: vineyardcity, Twitter: @vineyardcity) for Census information in the next few weeks.

SHERIFF'S DEPARTMENT

Our deputies have seen an increase in the number of traffic accidents in Vineyard recently. The Utah County Sheriff's Office would like to pass on some safety tips from Mutual Benefit Group. Before you get behind the wheel, review these tips to help make you a safer driver and to help avoid accidents when you're on the road:

1. Don't drink and drive. If you drink, don't drive.
2. Don't drive distracted. Don't use mobile devices when driving. Stay off the phone and don't text.
3. Drive at safe speeds. Exceeding speed limits or driving too fast for traffic conditions increases your chances of being killed in an auto accident.
4. Use caution at intersections. Intersections are the center of most accidents. When entering the intersections, look left, then right, then left again to ensure the area is clear.
5. Change lanes properly. Check all mirrors and signal long before you plan to change lanes. Keep an eye out for other vehicles that might be in blind spots.
6. Don't follow too closely. A generally safe and easy rule to follow is the two-second rule.
7. Do not encourage aggressive drivers. Let others' aggressive driving behavior roll off your back or call the police.

TRANSPORTATION SURVEY

Vineyard City is one of seven cities collaborating with UTA, UDOT, MAG and Utah County on a study to evaluate options for faster and more frequent high-capacity transit service between Lehi and Provo. The participating cities are: Lehi, American Fork, Pleasant Grove, Lindon, Orem, Vineyard and Provo. Transit is a vital part of the broader transportation network needed to accommodate growth and guide future planning in Utah County. Public input will be gathered throughout the process and will be a key component to shaping the study.

Please visit centraltransit.utah.gov to provide your feedback on 1) the purpose and need of the study and 2) the initial range of alternatives. The desired outcome of the study is the selection of a Preferred Alternative (transit alignment and mode) that can be advanced to a transit study process for further evaluation. For more information, please call 385-355-3133 or email the study team at centraltransit@utah.gov.
