GOV101

Vineyard City has elected officials and staff who work hard each day to assure that the City is running and developing smoothly and that your needs as a resident are being met. However, local government can sometimes be a bit of a mystery to those who aren't involved in it daily. So we've created GOV101 to demystify it a bit. Every month, you can come here to find out more about what your local government does everyday to make Vineyard great!

WINTER IS COMING | PREP YOUR HOME & YARD

Purchasing a new home is a milestone in your life! Every month we welcome many new and first-time homeowners to Vineyard. We asked our expert Public Works staff for their best tips for preparing your home and yard for winter. Investing some time and effort to prepare your home for inclement weather will prevent some heartache and problems through the winter season. Burst pipes, irrigation issues, and property damage from storms are some problems that can be prevented by taking the measures listed below.

HEATING SYSTEM

- Check thermostat
- Heating pump
- Furnace unit
- Check and change air filters every 3-4 months. A clogged, dirty air filter can cause your furnace to operate inefficiently.

ROOF, CHIMNEY, GUTTERS & DOWNSPOUTS

- Check your rooftop for damage that might let water into your home. Wind damage can happen to even newer rooftops.
- Remove debris from downspouts and roof gutters and make sure that runoff is diverted away from your home. Using a water hose can be an easy way to clear debris from your gutters and downspouts and also help you make sure that the water is draining where you want it to go.

WINDOWS & WEATHER STRIPPING

- Consider replacing summer window screens with storm doors for added insulation.
- Check caulking around windows and doors to feel for moving air. Caulk and replace weatherstripping along areas that are letting air in. Check windows and doors lined with wooden stripping to ensure that there is no warping, water damage, or rot.

EXTERIOR

The exterior of your home is exposed to extreme conditions in the winter. You can prevent burst pipes and other inconveniences by doing the following:

- Empty your sprinkler system of excess water. Turn off the water supply to your irrigation system and use compressed air to blow through the lines. This step will remove any excess water in the pipes that could freeze and cause them to burst.
- Trim overgrown branches. Windstorms, ice, and heavy snow can cause tree branches to break and cause serious damage to your home and property.
- Trim and cut back plants away from your foundation – wet leaves, soil, debris, and plants can cause serious damage to your home's foundation
- Clean and cover your air conditioning unit.

INTERIOR

One of the most common winter-related problems for Utah Home Owners is burst water pipes.

- Flush your water heater to remove any sediment and dirt.

GOV101

- Leave your faucets to drip slowly on nights where the temperatures are anticipated to be very low. The running water will help prevent your pipes from bursting.
- Insulate all exposed piping in your home and yard by wrapping the pipes in electrical heating tape and foam insulation.

SNOW REMOVAL

Keeping walking paths, driveways and porch areas clear of snow and ice is important for preventing slips and falls during the winter season.

- Make sure you have a snow shovel
- When shoveling your driveway and walks, store excess snow on your park strip or front yard. Piling snow in the street can cause the mounds melt/ice over as the temperatures fluctuate and can cause severe damage to the plows.
- If you use ice melt, keep it in a storage container to prevent water damage.
- Remember to keep your vehicles and other equipment off the street anytime snow is present so that the City's plows can clear your street. The city will not clear the roadways in subdivisions where vehicles are parked on the street. (See Ordinance 10.04.050 – Parking of Motor Vehicles on City Streets During Snow Removal)

OUR HERITAGE

NOW THAT'S A FULL-SERVICE STORE
About 100 years ago, shopping for groceries in Vineyard was a different experience from today's self service approach. Customers came into the Vineyard Mercantile -- which carried everything "from chewing tobacco to horseshoe nails" in addition to groceries – and handed their shopping lists to the store owners/employees. Store owners then walked around the store gathering the items from shelves and nooks. After the orders were filled, everything was put on charge accounts, which customers were expected to pay when they got their checks for selling milk.

2020 ELECTION

To be included in all election result updates, please sign up here. Final results will be available after 3:00 PM on November 17.

VINEYARD

KINDNESS WEEK

NOVEMBER 16 -23
#VINEYARDLOVE

Celebrate #VineyardLove as Vineyard participates with surrounding cities in Kindness Week! Follow along on our social media channels and Facebook event page to participate in daily activities, and for ideas on how to show kindness in our community!

NOVEMBER 16 | KINDNESS WEEK KICKOFF
NOVEMBER 17 | BE KIND TO YOUR SELF
NOVEMBER 18 | BE KIND IN SCHOOL
NOVEMBER 19 | BE KIND TO YOUR NEIGHBORS
NOVEMBER 20 | BE KIND IN YOUR WORKPLACE/LOCAL BUSINESSES
NOVEMBER 21-23 | BE KIND TO YOUR FAMILY & FRIENDS

BOX CAR RACE | CENTER STREET OVERPASS

With the Center Street Overpass in it's final stages of construction, we are excited to announce a celebration to honor this milestone for Vineyard! Depending on weather, we are anticipating construction to be completed mid-December. We will be celebrating the occasion with a box car race down the overpass! Those that would like to compete in the box car race will need to pre-register. The overpass will also be open prior to the race for anyone that would like to take a socially distant joy ride with their bikes, scooters, or power wheels! We hope you will join us for the event and will Live stream the race for those who cannot attend. Please follow our Facebook page as we post additional details over the coming weeks.

SHERIFF'S DEPARTMENT

Utah County Sheriff deputies typically see an increase in the number of vehicle burglaries during this time of year. To deter theft from your vehicle, always take your keys, never leave anything of value in your vehicle and always lock it. As the holiday season gets closer and more packages are delivered, we'd like to remind you to remove packages from your porch as soon as possible to prevent them from being stolen. Please report any suspicious activity to the Utah County Sheriff's Office at 801-794-3970. If it's an emergency, dial 911.
Follow us on Facebook or Instagram for additional updates about things going on around Vineyard.
Be safe and have a great November!
