## THE MAYOR'S MESSAGE
JULIE FULLMER

Election declarations are opening! Come get involved in the city! Over the next few months a series of leadership in motion will be shared in the newsletter. They will showcase what has been happening and how to stay informed! Please follow along!

Summer is here, and that means it's time for one of our favorite traditions—**Vineyard Days!**

Join us as friends, neighbors, and family to celebrate everything that makes Vineyard such a special place to live.

There will be a parade and an outdoor movie night, food trucks, concerts, and a firework show— so many fun activities, local talent and businesses to explore: keep your eye out for the purple cow, an ode to Vineyard's history!

I invite you to join us this month—not just to enjoy the festivities, but to **be part of the vision** for the future of Vineyard. Throughout the festivities, there will be booths showcasing upcoming city plans! Come and share your thoughts and get involved. Through these connections and your involvement we will continue to create a city we're proud to call home.

A special thank you to all our sponsors and everyone who contributed to this event —including Councilmember Brett Clawson, ARCH Commission Chair Jarom Sidwell, Events Coordinator Anna Nelson, the parks team, and our public safety crew! We are grateful for your hard work and dedication!

See you at Vineyard Days!

Mayor Julie Fullmer

# PAVEMENT PRESERVATION COMING THIS JULY

Pavement preservation work is scheduled for July in areas including The Willows and Bridgeport. While exact dates and times are still being finalized, we want to give residents a heads-up so you can plan accordingly.

**Why Pavement Preservation Matters:**

- Sealing small cracks before they become major problems
- Improving surface quality for smoother, safe driving
- Protecting the underlying road structure from water and weather damage

**Benefits to the Community:**

- Saves money by avoiding major repairs
- Reduces future disruptions
- Keeps streets safe and smooth

More information, including exact dates and times for each area, will be shared as soon as it becomes available.

# NEW FREE IDDE SPILL KITS FOR RESIDENTS!

We're excited to roll out a brand-new Illicit Discharge & Detection (IDDE) Spill Kit program—available at no cost for any homeowner tackling concrete washouts, soil stockpiles, or small-site spills. These grab-and-go kits include everything you need to keep our streets and storm drains clean:

Please don't place soil or sediment stockpiles in the road. Rain or sprinkler water can wash loose dirt into storm drains, which flow directly to Utah Lake without treatment. Keeping the street clean helps protect our water quality and keeps our community looking great!

**Why check one out?**

By borrowing a kit before your next project, you'll save yourself a trip to the landfill, reduce sediment in our watershed, and earn major brownie points with Mother Nature.

**Tell us what you think!**

Is there anything we missed? Email us at engineering@vineyardutah.gov or call the Public Works IDDE Hotline at (801) 226-1929 ext. 7 with your suggestions—after all, smart stormwater solutions are a community team effort.

## SUMMER SAFETY

School will be winding down and the weather is warming up. As a result, more children will be outside riding bikes and scooters.

Please drive slowly and talk to your children about watching out for cars. We recommend regular conversations about proper helmet wearing and bike safety. Please report any suspicious activity by calling Central Dispatch at 801-794-3970. If it's an emergency call 911.

You can also follow us on Facebook and Instagram for additional updates about things going on around Vineyard. Be safe and have a great June!
