A MESSAGE FROM THE MAYOR

Dear Vineyard Residents,

In the fifth month of Discover Your Home, we recently came together to celebrate the power of collaboration and community spirit during our second annual Mayor Impact Vineyard Awards Ceremony. Following this uplifting event, we hosted the Impact Vineyard Community Fair, further emphasizing our commitment to fostering connections within our community.

Reflecting on the remarkable achievements recognized at Impact Vineyard, the eagerly anticipated economic development initiative of enhancing safety brings even more positive change to our area. It sets a new standard for the fire department, exemplifying our commitment to progressive development and service excellence.

Among these endeavors is the construction of Vineyard's inaugural firehouse in the Cottonwoods neighborhood. This significant undertaking has been years in the making, marked by diligent financial planning and thorough studies, culminating in the establishment of the budget last July.

From meticulous design considerations to site selection, every aspect has been carefully thought out. Vineyard is not just building a life-saving resource; we're creating a hub, a cornerstone of community engagement and civic pride. This endeavor enhances our public safety and fosters a sense of unity and collaboration in our Lindon, Orem, Vineyard fire services partnership. It sets a new standard for the fire department, exemplifying our commitment to progressive development and service excellence.

Chief Sanderson of Orem Fire shared his excitement for the project in a recent council meeting saying in multiple comments,

“This is revolutionizing potentially the fire service, especially in Utah County, because as we speak, we’ve acquired some property in Orem to relocate our fire station #1…This is an example that we’re going to take forward in Orem. Because it’s the fiscally responsible thing to do, and it doesn’t tie our hands to a 12 million dollar project that the city has no return on investment..”

He continued, “We say we’re a family…we would live in a house just like you and your family. We are going to be good neighbors! We’ll have an open front door, where I promise the kids in that neighborhood are going to spend more time at the fire station than they do at their homes.”

The fire Chief spoke about how thoughtful his operators are about sound in the night and how they work with the community to make it the best fit. They offered upcoming town halls and joined us at our Vineyard Impact fair, April 25th where they shared more with the community. The design of the firehouse is now on its way to the planning commission. We look forward to the development and were given a timeline of 9 months after approvals.

In addition to the firehouse project, we're gearing up for other exciting economic development initiatives that will shape the future of our city. From supporting local businesses to fostering innovation and entrepreneurship, these efforts will contribute to the prosperity and vibrancy of our community.

Over the past nine months, our dedicated team has collaborated with Leland Consulting to craft a comprehensive strategic plan aimed at ensuring economic prosperity for our city. This initiative is designed to offer potential new businesses a clear understanding of our community's current state and its envisioned future.

The strategic plan not only serves as a roadmap for prospective businesses but also equips our staff and elected leaders with valuable tools and insights. By identifying industries that align with our community's needs and providing guidance on how to effectively promote them, this plan empowers us to make informed decisions that drive sustainable economic growth.

We will see this come before the council in the near future and are excited about the opportunities this strategic plan presents and look forward to the positive impact it will have on our city's economic landscape and the resources that it will provide to ensure excellent city services such as this new fire station.

This resource, our Impact Vineyard initiative and the firehouse project embody our commitment to building a brighter future together.

Thank you to all who contributed to the success of the economic plan, Impact Vineyard, and our firehouse. Together, let's stoke the flames of progress and build a community where everyone can thrive.

Stay tuned for updates on the firehouse project and opportunities to get involved. Together we can move Vineyard forward,

May is a busy month for the community! Check out our calendar, and get involved!

Warm regards,

Mayor Julie Fullmer

NOTICE OF SEWER RATE INCREASE

The Vineyard City Council has approved adjustments to the sewer rates, effective May 1, 2024. These changes will be reflected in current billing cycles.

REASONS FOR THE INCREASE:

- Vineyard City evaluates sewer rates yearly to ensure they cover operational costs, maintenance, and planned improvements. Rising expenses, including infrastructure maintenance and compliance with regulatory standards, necessitate this adjustment.

- Additionally, state and federal regulations require specific sewer collection and treatment standards, contributing to increased costs across the state. While Vineyard City provides residents utility billing, the costs comprise internal city costs for sewer collection from your home or business and charges from agencies that provide sewer treatment of that sewage.

- The amount billed to Vineyard City for sewage treatment increased as of January 1, 2024. From the increase to now, Vineyard City did not pass those costs along to our customers.

HOW YOUR BILL IS CALCULATED:

Sewer rates are structured to cover both fixed and usage-based charges. The fixed monthly fee ensures reliable service, while usage charges are based on metered consumption.

WAYS TO MANAGE YOUR BILL:

Residents can reduce their sewer bills by minimizing water usage. Simple steps like installing water-saving fixtures, limiting shower time, and addressing leaks can make a significant difference.

For questions about your utility bills, please contact the Utility Billing Office at 801-226-1929, or email ap@vineyardutah.org.

HOW CAN YOU HELP US?

We encourage you to contact your State Representatives to encourage them to provide state resources to assist communities in implementing the new rules by providing the necessary funding to reduce costs to communities and residents.

We appreciate your understanding as we strive to maintain a sustainable sewer system for the Vineyard City community.

Sincerely,

Vineyard City

Vineyard Cares

is a community coalition providing education and resources to **prevent** substance use, underage drinking, & suicide.

IT TAKES A VILLAGE

Every caring parent feels the pressure to raise their children well. Parents shouldn't have to do this alone- they should be able to lean on their community for support. We believe that it takes a village to raise happy, healthy children. Vineyard Cares contributes to our village by working to reduce substance use and suicide in our community.

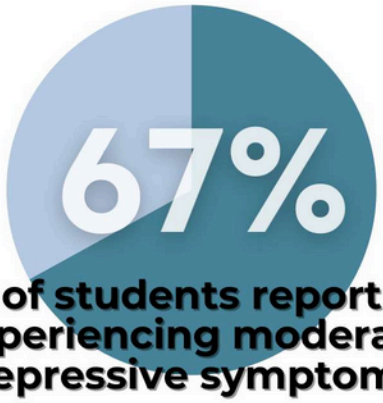

WE ARE THE VILLAGE.

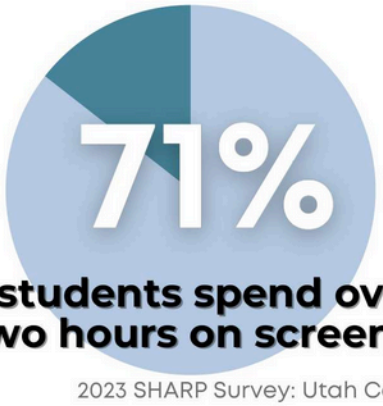

Vineyard Cares uses evidence-based, research informed practices to bring the best programs and resources to the children and families in our community.

Professional Municipal Clerks Week!

May 5th - 11th is the 55th Annual Professional Municipal Clerks Week!

Municipal clerks (recorders) play a vital role in the functioning of local government, often serving as the backbone of administrative operations. Their extensive knowledge of law, procedures, and interpersonal relations is indispensable in maintaining efficient governance.

The recognition of Municipal Clerks Week by President Reagan and subsequent presidents underscores the significance of this profession in the smooth operation of municipalities across the United States and beyond. It's fitting to take this time to reflect on the contributions of municipal clerks and express appreciation for their dedication and hard work.

Here's to all the municipal clerks who diligently serve their communities, often behind the scenes, ensuring that local government functions effectively.

Happy 55th Annual Professional Municipal Clerks Week to our City and Deputy City Recorder!

We'd like to thank our City Recorder (Pam Spencer) and Deputy City Recorder (Tony Lara) for their hard work and diligence in ensuring our records are maintained correctly and for their time and dedication to our city!

LET'S CELEBRATE

May is Building Safety Month!

The Vineyard Building Department has put together some educational activities for you and your family to learn more about how building safety is important to you.

Stop by the Building Department at 707 E Mill Rd, Suite 202 to take our pop quiz and be entered into a raffle giveaway* to win some amazing prizes including a Lego construction set, home tool kits, and more!

Visit our website vineyardutah.org/government/building.php to download a home safety checklist that you and your family can fill out together.

Be on the lookout for some messages from our Building Department throughout May with helpful building safety tips.

Explore different building safety themes each week throughout May with the ICC "Mission Possible" at buildingsafetymonth.org.

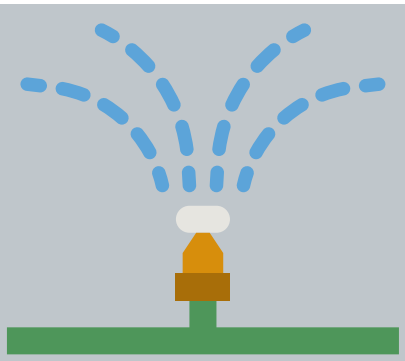

Join us to discover how you can impact building safety!

**Some restrictions apply. Entries are limited to one entry per household. Submitting multiple entries will not result in additional entries. Households are not eligible to win multiple prizes. Submitting participants must be 18 years or older.*

EMBRACE

SMART IRRIGATION FOR A SUSTAINABLE FUTURE

As we transition into the blossoming season of spring, it's the perfect time to turn our attention towards sustainable practices, particularly in the realm of water conservation. In this edition of City Buzz, we shine a spotlight on the importance of outside irrigation systems and the role they play in preserving our precious water resources.

Why Outside Irrigation Systems Matter

Outside irrigation systems are crucial for maintaining the health and vibrancy of our landscapes, especially during warmer months when water demands increase. These systems not only ensure that our lawns and gardens remain lush and green but also contribute significantly to water conservation efforts.

Embracing Smart Technology

In our modern age, smart technology has revolutionized the way we approach irrigation. Smart irrigation systems utilize advanced sensors and weather data to optimize watering schedules, ensuring that your plants receive just the right amount of water they need – no more, no less. By adopting smart irrigation technology, residents can reduce water waste and save on utility bills while promoting a healthier environment.

Let's make a *splash for change*

As stewards of our environment, each one of us plays a vital role in preserving our natural resources for future generations. By embracing efficient outside irrigation systems and adopting water conservation practices, we can make a significant impact in safeguarding our planet's water supply while beautifying our cityscape.

Tips for Efficient Watering

- Consider installing drip irrigation systems for gardens and flower beds, which deliver water directly to the roots, minimizing evaporation and runoff.
- Utilize rain barrels to collect rainwater for later use in watering your outdoor spaces.
- Group plants with similar watering needs together to avoid overwatering or underwatering.
- Regularly inspect your irrigation system for leaks or inefficiencies, and promptly repair any issues to prevent water wastage.
- Sign up for Eye-on-Water to track your water usage and create a leak alert to notify you of leaks.

Get Involved: Water Conservation Initiatives

Join us in our efforts to promote water conservation and sustainability within our community. Here are a few ways you can get involved!

- Participate in local workshops or webinars on water-efficient gardening and irrigation practices.
- Volunteer for community-led initiatives such as neighborhood clean-ups or tree planting events.
- Spread awareness by sharing tips and resources with friends, family, and neighbors.

JOIN US AS WE EMBARK ON THIS JOURNEY TOWARDS A GREENER, MORE SUSTAINABLE FUTURE FOR VINEYARD CITY!

SHERIFF DEPARTMENT MESSAGE

Why Should Kids Wear a Bike Helmet?

Wearing a helmet that fits well every time you're on a bike, scooter or skateboard helps protect your face, head, and brain if you fall. That's why it's so important to wear your bike helmet whenever you are on a bike.

Bike helmets are so important that the U.S. government has created safety rules for them. Your helmet should have a sticker that says it meets the rules set by the Consumer Product Safety Commission (CPSC). If your helmet doesn't have a CPSC sticker, ask your mom or dad to get you one that does.

Wear a bike helmet every time you ride, even if you're going for a short ride. And follow these rules:

- Make sure your bike helmet fits you well.
- Always wear your helmet the right way so it will protect you: Make sure it covers your forehead and don't let it tip back. Always fasten the straps.
- Don't wear a hat under your helmet.
- Take care of your helmet and don't throw it around. If it's damaged, it won't protect you as well when you need it.
- Get a new helmet if you fall while you're on your bike and hit your head.
- Put reflective stickers on your helmet so drivers can see you better.

This information was taken directly from https://kidshealth.org/en/kids/bike-safety.html Visit this website for more bike safety information.

For more bike safety tips, join us at the Bike Rodeo on May 6th at Vineyard Grove Park at 5:30-6:30 PM. Follow the Utah County Sheriff's Office - Vineyard on Facebook and Instagram for additional updates about things going on in our community. Do your part and help us by calling if you see or hear anything suspicious, Central Utah Dispatch's non-emergency number is 801-798-5600. As always, if it's an emergency, call 911.

GUIDELINES TO ENSURE CONSISTENT SERVICE:

- If a holiday (only those shown above on calendar) falls on a weekday, service will be delayed one day following the holiday.
- Recycle containers that have trash in them will NOT be dumped as recycling and called into the city.
- All containers MUST be placed outside by 7 a.m.
- Containers should be placed in the street with the wheels against the curb or within 2 feet of blacktop with the front of the container facing the street.
- The container must be placed 4 feet apart from other containers and 8 feet from mailboxes, poles, fences, trees, or parked vehicles for easy access.
- Please break down cardboard boxes.

FOR MORE INFORMATION PLEASE CALL (801) 924-8500.

What's Recyclable?

Acceptable Items

Plastics
Recycle plastics #1, #2 and #5. Look on the bottom of containers for the number inside the recycling arrows.

Metal Cans
Recycle all food and beverage metal cans—steel, tin, bi-metal and aluminum.

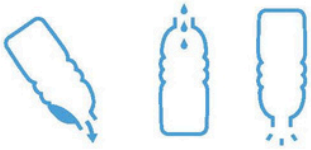

Cardboard, Newspaper & Magazines
Recycle newspaper inserts, catalogs, paperback books, phone books and brochures.

Paper Food Containers & Cartons
Recycle juice boxes, egg, ice cream and milk cartons, and cereal and pasta boxes.

Paper
Recycle envelopes, office paper, junk mail, greeting cards and file folders. Shredded paper should be put in a paper bag.

Empty. Clean. Dry.

Please make sure your recyclables are **empty, clean and dry** before placing them in your recycling cart.

Unacceptable Items

Batteries
Bio-hazardous waste
Cables
Ceramics
Clothes
Construction debris
Diapers
Dishes or mirrors
Egg cartons
Electronics
Food or liquid waste
Glass
Greasy food containers
Hardback books
Hazardous waste
Holiday decorations
Hoses
Ice cream cartons (wax-coated)
Light bulbs
Plastic bags
Plastic food wrappers
Plastic straws
Plastic without numbers
Polystyrene foam
Scrap metal
Shoes
Tissue
To-go lids
Tools
Toys
Yard waste
